Saltford Poppy Project: List of Poppy wreaths with names of the fallen and how to find out more

Please find below copies of the wreath labels created as part of the **Saltford Poppy Project 2026**.

The wreaths remember those named on the Saltford War Memorial plaques, where addresses are recorded for some of the fallen. They have been placed at, or close to, the homes where these individuals once lived. Our sincere thanks go to the residents at these locations who have kindly given permission for the displays.

For anyone wishing to learn more about those named on the memorial plaques, information on how to research their stories is provided below.

The Saltford Poppy Project is organised by a group of volunteers and is independent of Saltford Parish Council (SPC). SPC has been pleased to support the project, including helping to create the wreath labels, and would like to thank and commend everyone involved in the project for their time and dedication.

If the project takes place again in future years, additional volunteers would be very welcome, particularly to help with research, mapping the wreath locations and project organisation.

More information about the Saltford Poppy Project can be found on SPC's website alongside details of Remembrance Commemorations in 2026 at: https://www.saltfordparishcouncil.gov.uk/remembrance-sunday-in-saltford-and-the-saltford-poppy-project-2026/

The Saltford Poppy Project is not taking donations directly, however to donate to the British Legion Poppy Appeal, please visit: https://www.britishlegion.org.uk/get-involved/donate

Thank you for your interest in the project and for helping to remember those from our community who gave their lives.

On behalf of the Saltford Poppy Project volunteers

Saltford
Poppy Project

How to find out more about those on the Saltford War Memorial:

War Memorials Register - Imperial War Museum (IWM)

The IWM is compiling the War Memorials Register - the comprehensive national register of UK war memorials and the names of the individuals they commemorate. They currently hold records for over 77,000 memorials in the UK, Channel Islands and Isle of Man. If you are searching for a relative or ancestor who died in service from all wars, whether a member of the armed forces or a civilian, the War Memorials Register is a valuable resource. Find out more at https://www.iwm.org.uk/memorials

There are other records that may be of help when researching about people who lived in Saltford, please view 'SPC's How to start researching your family history' document (dated 2023, links may have changed since) to find details on the South West Heritage Trust, Bath Record Office, Libraries West, General Register Office and other resources.

If you find out more about someone listed on Saltford's War Memorial, please do share with Saltford Parish Council at clerk@saltfordparishcouncil.gov.uk who will collate this information for future memorial initiatives.

Document created by Saltford Parish Council on 4 November 2026 (SPC is a supporter, and is independent of, the Saltford Poppy Project)
