8. **LORD OF THE MANOR (FLOWERS) GRAVE**

Cllr Jill Williams proposed that the Council allocate up to £40 for restoration of this grave which is in a poor condition, and this was agreed.

9. **BROADWAY GREEN**

Cllr Rob King reported that Curo has been asking residents about turning the green on Broadway into a car park. The Clerk reported that there is no written consultation but Curo staff have been knocking on doors in Broadway and Brockley Road, asking residents if they want part of the grassed areas turned into parking bays or the grass protected with plastic matting. The Council agreed to write to the Chairman of Curo strongly opposing the idea of any erosion of green spaces, especially on Broadway and Brockley Road.

10. **BUS INFORMATION**

Cllr Rob King reported that the bus departure information on electronic screens at bus stops is inaccurate. The Council agreed to contact B&NES councillors and officers and First Bus regarding this problem and when it will be fixed.

11. **VACANT PROPERTIES**

Cllr Jill Williams posed the question: what action could be taken regarding unsightly vacant properties in Salford? The Council agreed to ask NALC for any advice on this topic and whether there is any scope for addressing it under new legislation such as Neighbourhood Plans.

12. **B&NES HOUSING OPTION FOR SALT FORD**

Cllr Duncan Hounsell accepted the amendment proposed by Cllr Kim Johnson, and the Council agreed that:

(1) Salford Parish Council notes that the by-pass proposed was to become the housing development boundary for Salford, and believes that the in-filling of 5000

additional homes *in the existing green belt* would have destroyed the village of Saltford as we know it. Saltford Parish Council rejects this as an option completely both now and for the duration of this Council's term.

(2) Saltford Parish Council wishes to place on public record the view expressed below in the name of Saltford Parish Council to a working party at B&NES Council which was discussing the above option:

"Saltford Parish Council would like to express its concern at the option of building a bypass around Saltford to be paid for by the building of 5000+ homes to contribute towards B&NES Core Strategy's housing numbers. It is difficult to see how such an option could be considered as sustainable development. This number of homes will nearly quadruple the size of Saltford and will be extremely detrimental to Saltford's amenities and general character, destroying a large amount of Green Belt. As a Parish Council, we would be willing to help B&NES in its searches for strategic sites in and around the village to meet the authority's needs, however we would insist that we are asked to meet the same demands as other large villages; 5000+ homes is massively disproportionate. Whilst we recognise that many residents say they want Saltford bypassed, this is not regardless of the consequences of building one and whilst it is something listed in the draft Core Strategy as a long-term project, the infilling of land between the existing village-boundary and a bypass with such a large quantity of homes is something that will be met with disdain by the vast majority of residents; the number of objections to the proposed 99 houses on Manor Road is a clear indicator of resident's opinions of building on Green Belt and agricultural land. Whilst we are confident that this option will not be taken forward, we would like to make our opinion clear should it be given serious consideration. We also request that this option be dropped with a firm public statement from B&NES to prevent a blight on house values and house sale transactions for the areas most affected by such an option."

13. ALLOTMENT TENANCY AGREEMENTS

The Council agreed some amendments to the proposed allotment tenancy agreements. The Council noted that the tenancy agreements cannot be issued until the lease is agreed with Curo, and that Curo has accepted a holding over period while the lease is being finalised.

14. GARDEN SHARE SCHEME

The Council authorised the Clerk to send information about Saltford Environment Group's Garden Share scheme to those on the Parish Council's allotment site waiting list, making it clear that the Garden Share scheme is independent of the Parish Council.

15. LITTER

The Council agreed to ask B&NES to clear up litter on the A4 in support of the request from Saltford Environment Group to clear the substantial litter from the sides of the A4 between Saltford and Brislington.

16. YOUNG PEOPLE'S ACTIVITIES

Cllr Neil McKen reported that B&NES is to start a mobile youth service in Saltford after Easter in liaison with Saltford Community Association, for 6 months. Further information will be provided at the next Parish Council meeting.
