

Dear Resident,

**ADVANCE NOTIFICATION OF RESURFACING WORKS AT:
UPLANDS ROAD AND UPLANDS DRIVE, SALTFORD**

We are writing to advise you that resurfacing works are due to take place at the above locations commencing – **Wednesday 20th April 2022**.

Work will be carried out under road closures between 0700hrs and 1900hrs and it is anticipated it will take up to 5 days to complete, subject to the weather.

Diversion routes will be in place for local traffic and advance notices positioned along the route to warn drivers of the road closure. Residents will need to make their own arrangements to find alternative parking.

At the end of each day's scheduled work the road will be re-opened to traffic. Any cars parked within the closure may be removed from site so as not to delay works.

Please be mindful that dates are indicative to be used as a guide and that inclement weather or good progress on site may mean the timings change as we will always try to complete works as quickly as possible.

Restricted vehicle access for residents' private frontages within the road closures will be maintained whenever possible and when it is safe and as site operations allow. Access will be controlled by Traffic Marshalls, who will also be able to provide advice on likely access windows as the works progress.

Unfortunately, there will be periods when access will not be possible, so please be prepared for delays, disruption and making alternative arrangements in advance of the works. Please consider providing advance warning to any deliveries or visitors you may expect during this period and suggest they seek alternative routes as there will be no through access of the site while the closure is in place.

Emergency services will be given access at all times, when responding to an emergency.

Bus operators have been informed and will be re-routing services where required during the works.

We are working with our Waste Service Team to ensure collections are not disrupted.

Bath and North East Somerset Council are working in partnership with our Contractor Volker Highways, to maintain the Authority's highway network. They are following strict protective measures to keep themselves and others safe during the works. Please respect social distancing guidelines and allow them to carry out their roles.

If you require any further information, please call Council Connect on 01225 394041

Thank you for your co-operation and patience during these necessary works.

Highway Maintenance
